

Display of Measured Color Difference

This chart shows the levels of fade warranted in different paint systems. The Weather XL paint system warrants a Delta 7 Fade warranty after 30 years of installation. The Kynar 500 paint system offers a Delta 5 Fade warranty after 30 years of installation. The chart below shows what your roof will look like in 30 years. 30 years is a long time, but it is important to be educated on what you are purchasing so that you know what you are paying for.
